This letter is in reference to a telephone conversation on September 23, 1983, between Harold Carter of this office and Ken Mensing of your office concerning sampling done by EPA at the Sauget Waste Water Treatment Plant, which is now under construction at Sauget, Illinois. We wish to request a copy or copies of any reports you have developed setting forth the sampling results and general environmental conditions of this site and other locations nearby where you may also have conducted sampling for toxic ground contaminants or toxic air contaminants.

Your cooperation in this matter is greatly appreciated.
